

Welcome to ADOMS

Interactive Application System for Seafarers (IASS)

Department of Marine Services and Merchant Shipping Antigua and Barbuda W.I. Am Patentbusch 4 D-26125 Oldenburg Germany

> Tel.: +49 (0)441 9 39 59 - 0 email: <u>info@antiguamarine.com</u> web site: <u>http://www.abregistry.ag</u>

Foreword

The IASS is an innovative addition to a series of programs being undertaken by the flag State Administration of Antigua and Barbuda to improve its system of documentation.

The following advantages can be obtained through the use of IASS:

- improvement of application procedures for issuance of seafarer's documents
- faster processing of application documents
- lesser operational costs
- safer handling of documents

The scope of documents which can be applied for includes the following:

- Seafarer's Book
- Endorsements for Deck, Engine and Radio national certificates
- Tanker Man endorsements
- Ship Security Officer endorsement
- Certificate of Receipt of Application (CRA)
- Change of personal details
- Revalidation of documents

The flag State Administration of Antigua & Barbuda recognizes foreign national certificates for seafarers by issuance of endorsements. Furthermore, all seafarers on board Antiguan flagged vessels have to hold an Antiguan Seafarer's Book. These are international and national requirements which stem from the STCW convention and from the Antigua & Barbuda Merchant Shipping Act.

In order to improve the process flow in submitting applications, verification of application documents and issuance of endorsements and seafarer's books, this Administration has developed a modern and efficient Interactive Application System for Seafarers (IASS), which is based on the internet, enabling the direct communication between the Filing Agent as submitting party and the Administration as issuing party.

Only recognized Filing Agents of Antigua and Barbuda are entitled to submit applications via IASS. The Filing Agents must fulfil the technical requirements, as well as all requirements laid down by the flag State Administration of Antigua and Barbuda in a Quality Management System and in the Handbook for Filing Agents.

Companies or crew management companies who are not yet recognized Filing Agents of Antigua and Barbuda should contact this Administration for information on how to get the status of Filing Agent.

The issuance of a Certificate of Receipt of Application (CRA) will remain as before. The application will be submitted by IASS and the CRA will be produced as a pdf-printout which will be sent by e-Mail.

The technical pre-conditions are:

- standard desktop PC with internet access
- browser, preferably IE 6.0 upward, support of Java script
- Other browsers such as Firefox, Chrome, Opera, Edge are compatible, but may show a different layout.
- flat bed scanner with a resolution of 300 dpi
- basic image editor program

The following pages will guide you step by step through the IASS application process. In case of further questions, it is highly appreciated that you contact ADOMS for support. ADOMS is highly interested in all tips, criticisms and suggestions for improvement of the system.

Please note that the web server will not be in service on Sundays from 9:00 pm to 10:00 pm (UTC + 1h) due to maintenance and refreshing. During this time the access to IASS is denied.

1. Login procedure

Open your Internet explorer and visit <u>www.abregistry.ag</u>. On the welcome screen there is a link to the ADOMS IASS. Use this link and the login screen of ADOMS IASS appears.

Before the first login you have to contact ADOMS by e-mail for allocation of your filing agent's ID-No., name of designated person and the initial password. Enter your ID Number and the name of the designated person as mentioned in the Letter 'Recognition as Filing Agent' or as agreed with ADOMS and use the initial password.

Press the 'Login' button and you will get access to the system.

You will be automatically directed to the menu 'My Account' where you have to fill in your e-mail address and where you can alter your initial password in a password of free choice.

Designated person:	as mentioned in the Letter of Recognition as Filing Agent or as separately agreed with ADOMS
Password:	upon the first access to the system you can create your own password which has to be repeated
e-mail-address:	fill in your personal e-mail-address for a direct dialogue between you and ADOMS. The e-mail address is mandatory to enable a dialog between the filing agent and ADOMS.

After 'Save' you will be re-directed back to 'Home'. This screen shows the status of recent applications, if applications have been already submitted or prepared or shows 'no recent applications' in case of first access.

2. Recent Applications

If you enter the system for the first time, the remark 'No recent Applications' appears. In case you have already submitted applications, you can see the list of the recent applications as well as their processing status. Select the concerned application. If the application is not yet submitted, you can continue processing by pressing the button 'resume'.

Return to 'Home' where you can select 'New', 'Resume' or 'Delete'. Furthermore you have the possibility to sort your recent applications according to 'Appl:-No:', 'Last Name', 'Born', 'Vessel' and 'Agent'.

3. New Application

The following screen shows the STCW database query. By completion of the applicant's details ('Last Name' or 'Date of Birth') you will see if the applicant is already recorded in the database. This avoids duplication of applications and enables changes in recorded data to be made (revalidation, upgrades, etc.)

Query Seafarer Database ID-No: Last Name: Date of Birth: Query	m/yyyy			
			() 0	nline Help

The criteria for the query are 'Last Name' or 'Date of Birth'. In case the identification number of the database is known, a definite assignment is possible.

If the applicant, or applicants (in case of same date of birth or same name), are already recorded, select the name you want to edit. Due to different phonetic transcription of names in Cyrillic characters, the use of date of birth is preferable. The screen 'Step 1: Seafarer personal data' appears where you can edit the records and application details.

If there is no compliance with a record in the ADOMS STCW database, the query will response 'No Records found'.

Press 'New Seafarer' to start the application procedure. The same screen without any entries appears.

-				· · · · · · · · · · · · · · · · · · ·	, - /

4. Seafarer personal data (Step 1)

4.1. New Seafarer:

The details shown on the screen must be completed as required. Please complete mandatory fields which are light orange coloured. Empty mandatory fields suspend the continuation of the application process.

The vessel can be selected from the ship's list in the ADOMS database, there fore press the button "[...]" beside the field 'A&B Vessel Name'. If the vessel is not yet included in this list (new registration, change of name etc.), fill in the name by hand typing.

Compare if the spelling in the national passport corresponds with the spelling in the field 'Last Name'. The spelling in the national passport is binding.

The field 'Last name (continued)' should be completed in particular in case of different Cyrillic phonetic transcription in the national passport and in the national seaman's passport.

Choose the country of citizenship from the pull down menu. In case the country you want to select is not included, please inform ADOMS to have this country added. All other fields are self-explanatory.

4.2 Seafarer with existing ID-Nos.

Is the seafarer already registered in the ADOMS database, all fields must be compared with the current valid seafarer's documents and, if necessary, must be corrected and/or supplemented.

5. Eligibility basis on which application is made (Step 2)

🙋 Antigua & Barbuda - Interactiv	e Application System for Seafarers IASS - Windo	ws Internet Explorer	DE Deutsch (Deutschland)	2 - 8 ×

Home My Account Logo Application No. 3, Gerdes	Antigu Interactive Applicatio	ua & Barbuda n System for Seafarers I	ASS	
Step 1: Seafarer personal data				
Please select the certifi	icates and documents you are applying for.			
Seafarer´s Book Deck Officer Endorsement:	a1) new issuance b0) not applied for b1) new issuance (first application/extension)			
Engine Officer Endorsment:	\boxed{C} c0) not applied for C c1) new issuance (first application/extension)			-
GMDSS Endorsement:	C d0) not applied for C d1) new issuance (first application/extension)			
Tanker Man Endorsement(s):	e0) not applied for C e1) new issuance (first application/extension)			
Fertig			😸 Internet	100% 👻

This screen enables the filing agent to choose the kind of document for which the application will be submitted.

A Seafarer's Book is compulsory for all new applicants. The button is preset on 'a1) new issuance'. In case of existing seafarers without any change in personal data, choose 'a0) not applied for' and in case personal data have been changed (new passport, change of name, citizenship etc.), choose 'a4) change of personal data'.

Masters, deck- and engine officers may select 'Deck Officer Endorsement', 'Engine Officer Endorsement' and 'GMDSS Endorsement' according to their capacity. New applications for deck officer's endorsement are generally combined with an application for a GMDSS endorsement, except for vessels which are not equipped with GMDSS (tonnage < 300 GT). You can choose between 'not applied for' and 'new issuance (first application/extension)'. 'New issuance' includes change of number of the national Certificate of Competency/Endorsement, upgrading, alteration of the limitations, loss of document; and 'replacement, revalidation' which will be available if the seafarer is already recorded and wants a revalidation of his Antigua endorsement.

'Tanker Man Endorsement(s)' may be applied for masters, officers and engineers as well as for ratings. Only tanker certificates of advanced training will be endorsed. Press 'continue' after you have made your choice or 'suspend' to stop the application process. Application will then remain in the list of recent applications.

6. Rating Information (Step 3)

'Save' this form and continue to create the requested minimum time of sea service.

Alternatively, you can upload a basic safety training certificate (including proof of refresher training if required):

- skip the step before and you will be requested on the next screen for an upload of the concerned document

8. Upload Document Copies (Step 5)

This screen shows the documents which are requested and which must be uploaded. Press 'Upload' and select the document which you have scanned prior to starting the application process.

You will be forwarded to a screen on which you can browse to the folder on your PC or server where the documents are stored.

Please note following quality criteria for the documents to be scanned and uploaded:

- photograph: jpg-file; size 40 by 50 mm (approx. 1.6 x 2 inch) with a resolution of **300 dpi**
- documents: jpg-file in low resolution (75 dpi), black and white.
- Document size DIN A4 in panel format. The file should not extend a size of 500 kB

If the document to be uploaded consists of more than one page press the 'Add' button in the menu 'Documents required to be uploaded'. An additional menu 'Select File' will appear.

Please note that the upload of the Physical Examination Report requires the completion by 'Medical Certificate Expiry Date', name of the 'Medical Practitioner' and the 'Origin' of the Certificate. If the name of the medical practitioner is unreadable, insert the name of the medical institute, clinic or hospital.

The status of your applications is displayed on the screen 'Recent Applications'. Please note that applications which have already been submitted will be displayed but cannot be changed. Only the applications which have been 'returned to filing agent' may be re-edited.

10. Application for an Endorsement or Change of Endorsement 'Eligibility basis on which application is made' (Step 2)

The sample above refers to an application of a rating for which only a Seafarer's Book is requested. See hereto ADOMS STCW Circular 2002-001.

Masters, officers and engineers have to apply for an endorsement of their foreign national certificate of competency or revalidation of A&B endorsements, respectively. The sample as shown in step 2 'Eligibility basis on which application is made' gives a review of the various alternatives which may be selected for a specific application.

Tanker Man Endorsement(s): e0) not applied for C e1) new issuance (first application/extension)	
continue suspend	▼ ▲ ● Internet + 100% →

The screen shows an application for a seafarer who is not yet recorded in the ADOMS database applying for a seafarer's book, an endorsement in the deck department (master, chief mate or deck officer according to his national certificate of competency) and a GMDSS endorsement. The ticks have been set accordingly.

Press 'continue' for the next screen, i.e. 'Step3: Deck Officer Endorsement'. Now, the system asks for certification details.

The following steps are already described in item 9. 'Finalize application'

If the application has been submitted, the status will be displayed on the screen 'Home', - 'Recent Applications'. It is not possible to alter any details in an already submitted application.

The STCW Division of ADOMS is informed at the moment an application has been submitted. The application will be checked and if ADOMS has any remarks or questions, the application will be 'returned to filing agent' and with an e-mail describing details for correction. The application can be re-edited and can be re-submitted afterwards. In case of major deficiencies, the application will be rejected by ADOMS. The status of applications is displayed on the Filing Agent's screen according to the different filter settings giving possibility to change or to complete the details in question.

To avoid delay in issuance of CRAs it is recommended to put the remark 'CRA requested' in 'Step 6 Finalize applications'.

Applications which are accepted will be processed by ADOMS in due time and will be despatched together with the invoice to the addresses as instructed.
